

# CONGRATULATIONS!

An animal has been adopted in your name from the World Animal Foundation! Your Adopt An Animal Kit is on its way, featuring:

- a photo of your animal
- an adoption certificate
- facts about the animal species
- and information on how you can help the earth and animals.

Due to the pandemic, United States Postal Service deliveries are taking much longer than usual. Your Adopt An Animal Kit delivery may be delayed. But be assured that it is on its way. The purchase of your kit will help the World Animal Foundation make a difference for animals and the earth.

While you are waiting for your kit to arrive, please visit [WorldAnimalFoundation.org](http://WorldAnimalFoundation.org) to learn more ways you can make a big difference for animals and the environment. You can join WAF for free.

Thank you for helping WAF to help the planet and the animals that inhabit it!
